IMPORTANT INFORMATION FOR ALL PARTICIPANTS

The European Aquatics Masters Championships 2026 introduce several important operational updates and new initiatives designed to enhance competition conditions, athlete experience, and accessibility.

SWIMMING PROGRAMME CHANGE – EARLIER START

Due to the centralisation of the Water Polo tournament at the x-bionic® sphere (Šamorín), the Swimming programme will start earlier than originally planned.

Official Swimming Schedule
Training Days:
16 August 2026
17 August 2026

Competition Days:
18 August – 24 August 2026

This adjustment ensures:
- Proper access to competition pools for Water Polo training
- Optimal preparation conditions for swimmers
- Efficient and safe venue operations
- Full compliance with European Aquatics event standards

All athletes and teams are requested to plan travel and arrival accordingly.

WATER POLO CENTRALISATION AT X-BIONIC® SPHERE

The entire Water Polo tournament will be held at the x-bionic® sphere in Šamorín.
- Training day 25 August 2026.
- Competition dates 26 – 30 August 2026.

Competition will take place across three official fields of play:
- Two fields in the Olympic 50 m outdoor pool
- One field in the 25 m indoor pool

This allows:
- Efficient scheduling of matches
- Reduced waiting times between games
- Optimal competition conditions

Additional training opportunities include:
- Dedicated Beach Water Polo training area
- Located directly at the open water canal
- Unique outdoor preparation environment

This integrated Water Polo setup creates complete Masters Water Polo environments.

FULL INCLUSION MODEL IMPLEMENTED

European Aquatics is proud to introduce a Full Inclusion Model for athletes with disabilities.

Under this model:

- Athletes with disabilities will compete fully integrated within the main programme
- Athletes will be included in start lists based on official entry times
- Equal competition conditions will be ensured for all athletes

All venues and services have been prepared to support accessibility, including:

- Accessible accommodation
- Barrier-free athlete access routes
- Accessible athlete preparation areas
- Integrated medical and athlete services

This initiative represents a historic step toward fully inclusive Masters aquatics.

FULL INCLUSION MODEL AND PARA AQUATICS INITIATIVE

FULL INCLUSION MODEL – A HISTORIC STEP FOR EUROPEAN AQUATICS MASTERS

European Aquatics is proud to introduce a Full Inclusion Model at the European Aquatics Masters Championships 2026. This initiative represents a major milestone in the evolution of Masters aquatics and reflects a strong commitment to accessibility, equality, and diversity within the aquatic sports community.

Under this model, athletes with disabilities will participate fully integrated within the main competition programme.

This means:

- Athletes with disabilities will compete in the same events as all other participants
- Athletes will be included in start lists based on their official entry times
- All athletes will compete under the same competition structure and operational framework

This approach ensures equal participation conditions and reinforces the inclusive spirit of the Championships.

OBJECTIVES OF THE INCLUSION INITIATIVE

The integration of Para Aquatics disciplines within the Masters Championships aims to:

- Promote equal opportunity and accessibility in aquatics sport
- Provide meaningful competition opportunities for athletes with disabilities
- Strengthen the visibility and recognition of Para Aquatics within the Masters movement
- Encourage long-term athlete participation in aquatic sport
- Foster cooperation between aquatics organisations and federations
- Contribute to building a sustainable and inclusive future for Masters aquatics

- Accessible accreditation and information services

The Local Organising Committee and European Aquatics are committed to ensuring that all athletes can participate safely and comfortably.

BUILDING AN INCLUSIVE LEGACY

The European Aquatics Masters Championships 2026 represent an important step toward creating a more inclusive and connected aquatics community.

This initiative contributes to:

- Strengthening the European Masters movement
- Promoting accessibility across all aquatic disciplines
- Establishing a sustainable model for future inclusive Masters Championships

European Aquatics and the Local Organising Committee proudly welcome all athletes to be part of this historic and inclusive event.
